# TOMMY BURNS HAS A GREAT RECORD

Four Near Champions of as Many Countries Defeated By Him.

VICTORIES WERE DECISIVE.

In Eleven Months He Accomplishes What No Other Fighter Ever Duplicated-Entitled to Credit.

Considerable has been printed by news pers throughout the country about the ft snaps that Temmy Burns has had ince he laid claim to the championship. Of course there is no doubt that the fruit den developed little else but lemons for Thomas, but one cannot blame him. In looking over the work accomplished y the champion one is obliged to give him credit for doing something no other four champions in eleven hipping four champions in cleven mins. That record was not touched by livan or Corbett in the heavyweight ss, Fitzsimmons or Ryan in the middle-ight class, Nelson, Britt or even Gans the lightweight class, or Terry Me-yern, Abe Attell or any other fighter o ever possessed the title of cnam-

fight Burns. It was another championship battle of international significance. Squires was put away in one round.
That made two countries to his credit—America and Australia.
It was on December 2, 1907, that Gunner Mair, champion of England, tried conclusions with the American. That tale is well remembered—ten rounds was long enough for the Englishman.
But there was still another victim, Ireland was heard from next. Dick Crocker, he of Tammany Hall fame, had a champion he was willing to back. Jem Roche was his name before the right, and after that bout it was Dennis. For one minute and twenty-eight seconds Roche remained on his feet, and then Tommy had him sleeping. That happened on St. Patrick's day, and in Dublin, too.
That's Tommy Burns' record for eleven months and regardless of the calibre of the men he fought, he deserves credit for whipping the champions of four countries all inside of eleven months.

BURNS IN SALT LAKE.

BURNS IN SALT LAKE.

Practically nothing was heard of Tommy Burns in this part of the country until he came here several years ago with Otto Selloff a Chicago fighter who was matched with Jerry McCarthy. After Jerry defeated the Chicago fighter Burns began hurling challenges and offerd to box any heavyweight in the state or take on any four middleweights at one session. He was regarded more or less as a joke for the reason that he was always talking about his own prowess in the roped arena. He remained in Salt Lake for several months trying to secure a match but falled. Then he hooked up with Jerry McCarthy and the pair gave exhibitions of boxing and shadow work at a local ten cent theater. From here he went to the northwest and then to Culifornia. On the coast he secured several matches with second raters and with some good men. He waded through all of them until he got a match with Jack O'Brien. Burns took them as they came.

with Jack O'Brien, Burns took them as they came.

He was severely criticised in his last fight with O'Brien because he gave that gentleman what is known as the "double cross." The Quaker boxer refused to fight unless Burns agreed to lay down. Burns agreed but when he got the Philadelphian luto the ring he calmiy told him the fight would be on its merits and he gave O'Brien a sound thrashing. Burns then confessed the whole thing and justified his actions by showing up a faker. While his actions may not have been just right still he used about the only means possible to end the career of a notorious faker and it is hard to say the end did not justify the means.

REER OF COLIN

Keene's Colt Promises to Outdo Sysonby and Domino.

With the turf world awaiting the opening of the eastern racing season, one question is prominent in discussion mong followers of the racing game—will folin keep up his wonderful record of ast year and go down in history as a greater colt than Sysonby or his own randsire Domino? asks a New York water.

colin last year, was the 2-year-old wonder of the thoroughbred world. Not only did he win his eleven starts and quit the year without a single defeat placed against him but he naver was considered.

Id he win his eleven starts and quit the ear without a single defeat placed gainst him, but he never was even in rouble to outrun his field. The game out Uncle, now owned by Sam Hildreth, field to run him off his feet at Saratoga, and for four furlongs was but a head belied him but when the stretch was eached Colin drew away and won easily by a length.

This great colt, owned by James R. Keene, is by Commando, out of Passorella. His eleven starts last year netted Keene \$129,205.50. His list of wins included the futurity, the best known 2-year-old race in the world, which was of the somewhat disappointing value of \$250. This is in strong contrast to the futurity of 1893, when his grandsire, Domins, won by a short lead and added \$48,885 to the Keene purses.

20, won by a short lead and added \$48,880 of the Keene purses.

Just now Meelick and Chapultepec loom p as the best among the "winter" 3-ear-eids, barring only Uncle, who is in emporary quarters on the coast. Both et Colin on several occasions last year, and in every instance they were crushagly defeated.

They have been kent at training and

work for the juvenile champion of 1997. It is safe to say that Colin will not be started until the season is well advanced. Colin made his first appearance of last year very unobstrusively, but his reputation had preceded him. He was made favorite in a field of twenty-three starters and many expressed surprise that Keene started a colt, known to be valuable, in such a "scramble." He was held at 8 to 5 in the betting, an unusually short price for such a field, and won easily. Among those who finished tired and dusty after the five furiong sprit behind the big colt was Bar None, who ran second and who afterward turned into a first-class performer, although he closed the year a maiden.

FRELINGHUYSEN THE AUTHOR Of a New Automobile Law in New Jersey.

Of a New Automobile Law in New Jersey.

Senator Freilinghuysen, the author of New Jersey's present automobile lawwhich is for the most part an excellent one—is himself an enthusiastic "autist" and has common-sense, practical ideas on the legal regulation of horseless vehicles in the public highways. He has naturally detected some weak point in his own law and has discovered, after a year's trial, wherein it is susceptible of numerous improvements. A bill of his embodying these improvements has just passed the upper chamber of the legislature at Trenton, it provides, among other things, for a more equitable division than now among the countles of the revenues from the law, for official identification marks on motor-cycles and for many important changes in the present system of license and registration fees—as, for instance: In the new bill the registration fees are raised from the present rates of \$3 for vehicles below thirty horsepower and \$5 for those of thirty-six horsepower or more to \$3 for vehicles below ten horsepower. \$5 for vehicles between ten and thirty horsepower and \$10 for vehicles of thirty horsepower and \$4. The reasons for all these advances do not appear; the law now yields a good revenue to the state, which is applied chiefly to public-roads improvement, as it ought to be; and while it may safely be assumed that these advances in registration fees would not tend to discourage "autoing" in New Jersey—because whoever is able to own a machine can of course afford to pay them—still, their tendency would doubtless be to put "autoists" out of all sympathy with the law, As to the raised license fees for driving the family machine. It may be that the assembly will look into these matters a little more critically than the senate did when the Freinghuysen bill gets into that chamber.

INTERNATIONAL CHESS. Vienna, April 6.—The eleventh round of the international chess masters' tournament was played here today. The two American representatives, Marshall and Johner, were pitted against Berger and Duras. Marshall drew his game, but Johner lost. The leaders, Schlecter, nine points; Maroczy, eight points, and Duras, eight points all won their games today.

One Held Last Evening and Professional League Formed.

sional League Formed.

Salt Lake is to have professional baseball this summer, A meeting was held at the Y. M. C. A. last evening and it was decided to start the great national pastime at Walker's field on May 2. Five teams will be in the league to be known as the Utah professional league. The meeting was attended by representatives of the Salt Lake, Ogden, Fort Douglas. Murray and Occidental teams, Another meeting will be held at the Cullen hotel on Sunday next at which time a schedule will be drawn up and adopted. Each team will post \$100 as a forfeit and the games will be governed by the National league rules.

Fielder Jones, the clever manager of the Chicago American league team, be-lieves that the club that beats out Cleve-land will win the pennant. Other manag-ers don't like Cleveland's prospects, but Jajoie and his team look good to Jones.

Jones.

"I dope the American league race differently than most people," the Sox manager said. "I figure that the Sox will be first, of course, but the team we will have to beat out this time will be Cleveland. In view of the fact that the Naps have fallen down in the middle of the season for the last three summers, most peopf will not agree with me, perhaps, but I think I am right.

"Lajole will have a much stronger pitching staff this summer than last. There are Joss, Liebhardt, Rhoades and Berger, all of them corkers. Berger was not of much use last year, but he will be in much better condition than he was last year.

in much better condition than he was last year.

"I figure that the Athletics have been weakened in their pitching department by the loss of Waddall. He always was good against the Sox. Seybold will be out of the game for the first mouth or two, and that also will be a great handicap to Connie Mack. The New York team is a hard one to figure, I do not know whether or not the changes that have been made in the team will strengthen it, but the Highlanders will be as strong as they were last year, at least, and should finish higher up, The St. Louis team also is a good combination, but an unknown one as yet."

MARRIAGE HAS NO TERRORS FOR NEWT. JONES

Chicago, April 7.—Previous marital troubles evidently had no terrors for Walter Newton Jones, known far and wide as a tramp impersonator, Neither do the laws of Illinois bother the actor to an appreciable, degree, for he was married yesterday to Miss Blanche Lillian Pixley, only a few weeks after his previous wife divorced him in the Illinois courts.

Miss Blanche Lillian Pixley, the bride, is none other than Blanche Deyo, famous as a dancer and vaudeville artist. She also was recently divorced. Jones and she are playing together in vaudeville.

The latest knot was fled for the actor.

vaudeville.

The latest knot was tied for the actor at Crown Point, Ind., by Judge Harry B. Nicholson. The bride is a resident of Chicago, and knows all about Mr. Jones' matrimonial experiences, it is understood that he still retains his residence here, and if so he runs counter to the recent decision by Judge Geo. A. Carpenter, who interprets the statute barring remarriage within a year to have force even over weddings performed outside of the state.

Less than two months ago Jones was legally separated from his wife, formerly Mrs. Frederick King Pulsifer, originally Miss Beatrice Champlin. Mrs. Jones filed her suit on Feb. 4, and obtained her decree of divorce largely through evidence relating to a love affair, which involved a vaudeville actress whose name did not appear in the published accounts of the divorce proceedings. The latest knot was tied for the actor

Bay to San Francisco.

Washington, April 6.—Some slight modification in the plans of the parade of the Atlantic battleship floot from Magdalena bay to San Francisco, as announced at the navy department Saturday, and which provides for stops at Port Hartford and Monterey, were made public today. As a result of the changes the fleet will leave Santa Barbara April 29, instead of the 30th, as stated Saturday, and it will go to Port Hartford, reaching there the 30th.

Only a brief stop will be made at Port Hartford, the vessels leaving there on the day of their arrivals for Monterey, where they are due May 1. The next day, May 2, they are to leave for Santa Cruz, reaching there the same day, a day later than originally announced, and will-sail from that place for San Francisco on the 5th of May.

The line-up and formation of the vessels to participate in the grand naval review in San Francisco bay on May 8, was announced formally at the navy department today. Battleships, armored cruisers, gunboats, torpedo boat destroyers and fleet auxiliaries will make up the formidable combination that will be reviewed by Secretary Metcalf and witnessed by the people of California. Forty-six vessels are scheduled to participate.

AMUR RAILWAY.

Debate on it Was Begun in the Duma Yesterday.

St. etersburg, April 7.—The debate on the proposed Amur railway was begun in the duma yesterday. Lieut.-Gen. Schaffhausen, minister of communication, explained that the whole railroad would cost nearly \$120,000,000 with a single track and a capacity of nine trains daily each way. The first section of the line runs from Stretinsk, where construction of the Amur railwhere construction of the Amur rali-road was abandoned when Russia oc-cupled Manchuria, to Pokhrovskaya at the confluence of the Shilka and Argup rivers, a distance of 240 miles. Au-thorization for the construction of this section is now sought. The cost will be about \$8,000,000, and the roadbed will be capable of double tracking later. Deputy Savich, who reported on behalf of the commission, said that the road must be completed by 1912 when the Chinese-Japanese programs will have been completed.
